It also reveals the dangers of failing to learn from mistakes. In healthcare, hundreds of thousands of patients die from preventable medical errors every year due to a chronic lack of Black Box Thinking

Black Box Thinking: The Surprising Truth About Success ...
If we interpret difficulties as indictments of who we are, rather than as pathways to progress, we will run a mile from failure. Grit, then, is strongly related to the Growth Mindset; it is about the way we conceptualise success and failure.". — Matthew Syed, Black Box Thinking: The Surprising Truth About Success.
