Bruce Hood The Self Illusion

In The Self Illusion, Dr. Bruce Hood reveals how the self emerges during childhood and how the architecture of the developing brain enables us to become social animals dependent on each other. He explains that self is the product of our relationships and interactions with others, and it exists only in our brains.

Amazon.com: The Self Illusion: How the Social Brain ...

Hood's thesis is that the self is an illusion, but what this means is not clear. He uses the analogy of a Kanizsa triangle to illustrate the idea that the "self" is carved out of the negative space created by social and cultural interactions. It's an interesting analogy but as far as I can tell it doesn't lead anywhere.

The Illusion of the Self | Sam Harris

"The Self Illusion" is a great book for those who are not looking for a post-graduate dissertation on recent advances in neuroscience and reprints of delicate philosophical papers, but instead are looking for a book that introduces the reader to many interesting, modern ideas associated with these fields, while not delving too deeply, and centering around our very modern preoccupation with "me" (me! me! me!).

What could it mean to say that the self is an illusion? Here's Bruce Hood, author of the new book The Self Illusion, in an interview at Sam Harris' joint: Most of us have an experience of a self. I...

The Self Is Not an Illusion - Big Think

— Bruce M. Hood, The Self Illusion: How the Social Brain Creates Identity. 6 likes. Like “We can all talk to the dead. It’s getting them to talk back that’s the hard part.”2” — Bruce M. Hood, The Science of Superstition. 5 likes.

Bruce M. Hood (Author of The Self Illusion)

Mr Hood presents a comprehensive phenomenology of the external social self, in an entertaining and lucid style, and attaches due importance to the Internet as a transformational influence on inter-personal relationships, something that is lacking in most other treatments of this subject.

The Self Illusion: How the Social Brain Creates Identity ...

And as if this weren't enough bad news for "The Self Illusion," Bruce Hood unfortunately succumbed to the "authors make better narrators" fallacy, and the book suffered greatly for it. Hood's voice is dull and plodding, adding very little life to the text, and his faint scottish accent was slightly distracting at times.

The Self Illusion (Audiobook) by Bruce Hood | Audible.com

Hood has written three books for the general public, SuperSense(HarperOne, 2009) about the natural origins of supernatural beliefs which has been published in 12 countries, The Self Illusion(Constable & Robinson 2012) about the fallacy that we are coherent, integrated individuals but rather a constructed narrative largely influenced by those around us and The Domesticated Brain(Pelican, 2014) an evolutionary account for the rise in pro-sociality and lengthening of human childhood.
