2009 Ducati GT1000 Touring Road Test | Rider Magazine

Ducati SS1000: Redesigning the SportClassic GT1000 Like any proper cult vehicle, the Ducati SportClassic was hugely under-appreciated when it was first released. That's probably because it was ahead of its time—blending retro style with contemporary performance, just before modern classics were as popular as they are now.

Ducati SS1000: Redesigning the SportClassic GT1000 | Bike EXIF

On the interstate, the long-legged gearing of the Ducati GT 1000 is perfect. There's plenty of torque in the old school, air-cooled, two-valve motor—67 ft/lbs at 6000 rpm—for both passing and...
