Guitar amps are crowding the market by the minute, so finding the best new guitar amps and high-quality guitar amps in 2020 isn't as easy as it used to be a couple of years ago. That's the reason why we've taken the liberty to scrounge the market for only the best of the best, which resulted with this electric guitar amp review.

The 9 Best Guitar Amps 2020: Reviews by Consordini

Some players find that a 12AT7 yields a slightly dull, cold tone when used in the V1 position, but that conclusion seems to vary from amp to amp, and indeed player to player. If you're looking to tame a first gain stage that's a little raw and hairy and needs some tightening up, the right 12AT7 might be just the trick.
