Freebook Sifter is a no-frills free kindle book website that lists hundreds of thousands of books that link to Amazon, Barnes & Noble, Kobo, and Project Gutenberg for download.

Modkit Manual

ModKit is a tool used for loading mod information into the game. The level of possible modifications solely depend on the user's skill. There are basically three levels to using the tool kit. - Beginner. On this level the modmaker changes and adds new game objects based on the in-game models, using only the in-game functions. - Intermediate.

Read the official ModKit manual. Seriously..NET Framework 4.5; Witcher 3 Modding Tools; No spaces in the paths. The only paths that can have spaces are for ModKit (wcc_lite.exe) and installed game (uncooking). Remember to set paths before running stuff. Otherwise it will throw up ugly errors (but shouldn't crash). I'm working on warnings now.
