Novag Supremo x Novag Super Nova Apesar do wiki mostrar um rating superior para o Super Nova, nos meus testes Supremo superou o Super Nova. A primeira partida foi em 30 minutos e a segunda, 30 segundos por movimento.

Novag Supremo x Novag Super Nova - Fidelity Electronics
In September, 1978 Novag launched their first chess computer the Chess Champion MK 1. Novag established a relationship with American programmer David Kittinger in 1982 and the Novag Constellation was released as the first computer programmed by David which was soon after followed with an an improved and faster version. In 1984 the Super Constellation was released with high critical acclaim for it's human style of play.

Novag Electronic Chess Computer Collection
"On the Chess-board lie and hypocrisy do not survive long." Lasker's Manual of Chess by E. Lasker (New York, 1927), page 262. "Computers are incredibly fast, accurate and stupid; humans are incredibly slow, inaccurate and brilliant; together they are powerful beyond imagination."

Mychess - Fidelity Electronics: Novag
The Company NOVAG, together with their american programmer David Kittinger was proclaimed as a favorite for many dedicated chess computer fans after their release of the Super Constellation in the year 1984.At the time of it's release the Super Constellation was extremely strong and received a huge following because of it's unconventional, intuitive, tactical and very human playing style.
