737 Systems Descriptions - The Boeing 737 Technical Site

This 707-441 overhead panel shows some components that are still in use on the 737 of today. For instance, the HF radios, alternate flap, emergency exit lights, rain repellent, and exterior lights are virtually identical. All credit to Boeing for living by the theory of: "If it ain't broke, don't fix it." 707-441 (Photo Valter Azevedo)
