Unity And Development In Platos

Studies of Plato's metaphysics have tended to emphasise either the radical change between the early Theory of Forms and the late doctrines of the Timaeus and the Sophist, or to insist on a unity of approach that is unchanged throughout Plato's career. The author lays out an alternative approach.

Plato holds that any conflicting interests between the different parts of humanity can be harmonized. Plato proposes a righteous and rational political system which directs to a harmonious unity in a society and that gives chance to each of its parts to develop but not at the disadvantage of others.

Unity and development in Plato's metaphysics. London and Sydney, Australia: Croom Helm. E-mail Citation » Very good general introduction to the subject across the dialogues. As the title suggests, Prior tries to give an account both of the overall consistency of Plato's views and of their evolution. Silverman, Allan. 2008.

Plato's Metaphysics - Classics - Oxford Bibliographies

Organic unity, in literature, a structural principle, first discussed by Plato (in Phaedrus, Gorgias, and The Republic) and later described and defined by Aristotle. The principle calls for internally consistent thematic and dramatic development, analogous to biological growth, which is the recurrent, guiding metaphor throughout Aristotle's writings.

Organic unity | literature | Britannica

unity and development exists in the corpus. This is a very safe claim, amounting to the assertion that unity and development of Plato's thought does exist in the corpus: (A) Some unity and some development exists between the substantive concepts contained in the Platonic corpus. To support (A) all Prior needs to do is to provide at least one
